Dear Kermit:

Thank you for your report of our test of WSAF on December 16th, 1996 between 2:30 and 3:00 AM EST. This is to confirm your reception of WSAF, I have reviewed your report and find it to be an accurate detailed report, it is always a pleasure to receive a report from a distant listener.

WSAF Radio is licensed to Trion, Georgia and operates 5 miles south out of Summerville, Georgia, with 5000 watts of power from an Omnitronix solid state transmitter and processed through an Orban Optimod.

Enclosed please find some literature and a bumper sticker from WSAF and you'll also find a list of all who responded. Keep your ears to the wind!

Sincerely,

Terry R. Adams
